

Lid Dress Flaps

Dress flaps are designed as a premium feature of your carton, concealing cut edges and adding more rigidity to the pack's tuck lock lid for a robust, quality feel.

Features

- Flaps on either side of your carton's lid are folded inwards and glued, presenting a printed edge and double-thickness lid
- High quality, lithographic print, added value embellishment and finishing techniques
- Camera controlled precision flat bed hot foil blocking and die cutting

Options

- Variety of market-tested boards, finishes, formats and sizes
- Plain or printed, varnished, foiled, embossed/debossed
- Choice of base type – crash lock, tuck lock, envelope or glued
- Use in conjunction with the Rear Panel Dress Flap for a premium finish

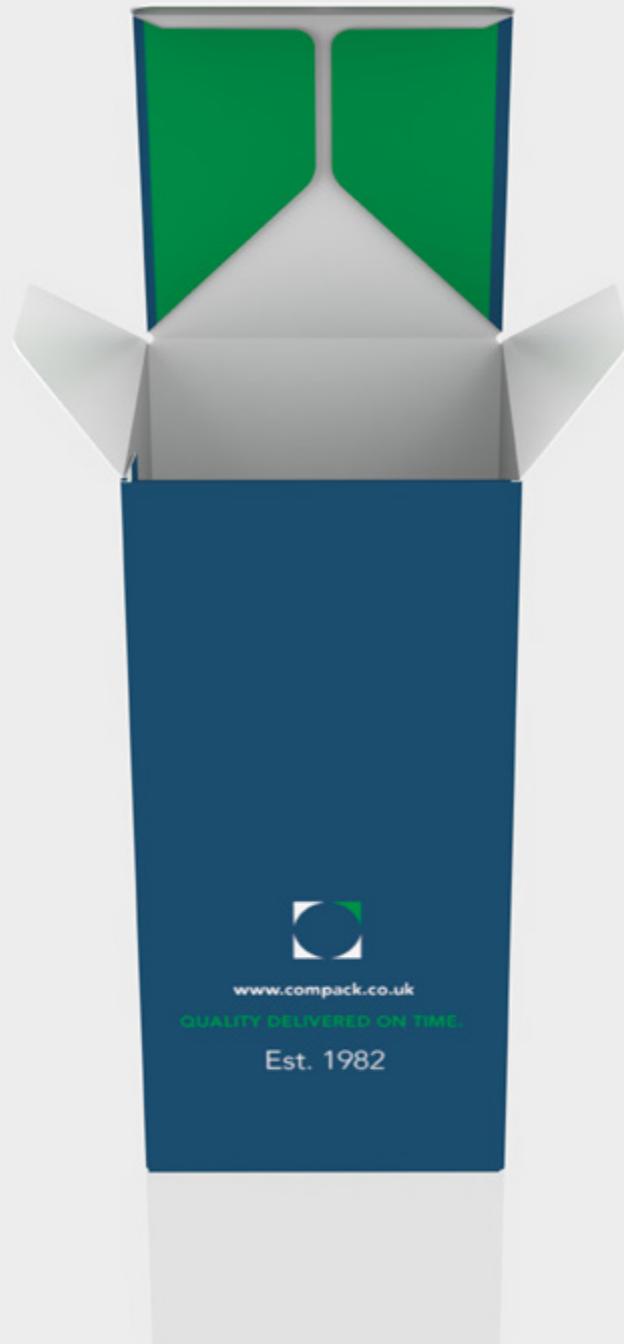

Benefits

- Hidden white cut edges give a premium look and a uniform outer finish
- Double layered lid gives a more robust feel to the opening experience
- Runs down automated lines, speeding up the packing process

Design for Sustainability

- Elevate your packaging without choosing less sustainable materials or increasing costs
- Benefit from our CAD layout know-how to find the best format to generate minimum waste
- FSC Certified materials available
- 100% recyclable
